

Participating Regional Groups

The list below shows current regional lepidopterists' organizations, clubs, associations which have partnered with The Lepidopterists' Society to support The Outernet Project.

If you live in any of these areas, contact these regional organizations to participate in their programs to learn more about butterfly and moth collecting in these areas and how to use your Outernet kit.

If you run your own organization and would like to participate in The Outernet Project, please contact Todd Stout at todd_stout29@hotmail.com to add your organization to the list below.

Region	Name	Website	Contact	email
